

ET9838 Digital Differential Manometer

Range: $\pm 100\text{KPa}$

Overview

1. High precision differential pressure sensor
2. 1.8" colour display screen
3. 12 common pressure units and two temperature units
4. Three display styles
5. Chinese and English switchable
6. Support real-time pressure curve display
7. Automatic display of maximum and minimum values
8. Powered by 2 * AAA batteries, low power consumption
9. Auto low-power mode after 10 minutes of inactivity, auto shut down after 30 minutes of inactivity
10. 5-Level battery level display with low battery reminder
11. Timing function from startup
12. HOLD (data freeze) and DIF (pressure difference) functions
13. Can record up to 100 sets of pressure data
14. With button prompt beep

Record	Kpa
NO. 036:0.00	
NO. 037:0.03	
NO. 038:0.05	DIF
NO. 039:0.04	DIF
NO. 040:0.04	DIF
